GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired, worn-out feeling, nervousness, sleeplessness, that have their origin in kidney trouble, not "female complaints," these general symptoms of kidney and bladder disease are well known to all. The remedy is in the bottle and is called CUTICURA. It is a simple, safe, and sure relief in GOLD MEDAL HAIR OIL CAPSULES. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return of your trouble.

GOLD MEDAL HAIR OIL CAPSULES are imported direct from the laboratories at Haarlem, Holland. Get them from your druggist. Do not take a substitute. In sealed boxes, three sizes.—Adv.

SIXTY-FIVE DEATHS AT DEVENS.

Ravages of Influenza and Pneumonia Take Heavy Toll.
Ayer, Mass., Sept. 24.—Although 65 deaths resulting from influenza and pneumonia occurred at Camp Devens during the past 24 hours, officials expressed confidence yesterday that the height of the epidemic had passed.

More army doctors have been ordered here to assist in coping with the situation. There were between 5,000 and 6,000 cases of influenza and pneumonia under treatment at the camp yesterday.

WANT LEAGUE INVESTIGATED.

Resolution in House Wants Activities of Security League Looked Into.
Washington, Sept. 24.—Investigation by the judiciary committee of the activities of the National Security League was asked of the House yesterday by Representative Fear of Wisconsin, in a resolution, who was attacked by the league during the recent primary campaign in which he was renominated.

The resolution proposes summoning of the officers of the league for examination concerning contributions to the organization.

WEAK, WEARY WOMEN

Learn the Cause of Daily Woes and End Them.

When the back aches and throbs,
When housework is torture,
When night brings no rest nor sleep,
When urinary disorders set in,
Women's lot is a weary one.
Doan's Kidney Pills are for weak kidneys.
Have proved their worth in Barre.

This is one Barre woman's testimony.
Mrs. F. Cassius, 24 Farewell street, says: "Sometimes my kidneys act unnaturally. I suffer quite a bit from heavy pains across my back, and they bother me when I bend. Doan's Kidney Pills, which I have bought at Cummings & Lewis' drug store at these times always relieve me."

Price 60c. at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cassius had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

GERMAN RAIDS WERE PUT DOWN

American Artillery Fire So Effective That Enemy Infantry Couldn't Move

AFTER BIG BARRAGE ON LORRAINE FRONT

Americans in Vosges Sector Also Frustrated a Raid

With the American Army on the Lorraine, Monday, Sept. 23.—(By the Associated Press).—American artillery fire prevented a German raid from materializing to-day. Warning of the enemy's intention was given by the start of a German barrage over the American lines at an early hour. As it shifted from the front lines to the back areas, the American fire opened so effectively that any attempt of the German infantry to attack was out of the question.

Isolated sectors were subjected to a harassing bombardment during the morning. This fire, however, did no damage. The enemy still is busy consolidating and organizing his lines in front of the American right flank before St. Mihiel.

After a gas bombardment, the enemy attempted a raid of the American lines in the Vosges sector to-day. He was repulsed with probable losses, before reaching the American trenches.

HEATLESS SCHOOLS.

Burlington School Children Urged to Dress Warmer.
Burlington, Sept. 24.—Pupils in the public schools must hereafter dress warmer, as fires in the school buildings are not to be started until permission has been secured from the superintendent. This measure is being taken to conserve fuel as far as possible. The principals of the various schools are to use their judgment in regard to starting wood fires, and then they are to be used to raise the temperature in the rooms to 62 degrees Fahrenheit.

MANY DEATHS IN BOSTON.

Epidemic of Influenza Continues Unabated.
Boston, Sept. 24.—The epidemic of influenza and pneumonia continued unabated yesterday, although reports to health officials indicated an improvement in the situation here.

Twenty deaths from influenza were reported to the Boston health department for the 12-hour period ending at noon yesterday.

FRENCH ASSAIL AUSTRILIANS.

Destroy and Damage Defensive Systems East of Mount Sisonol.
Rome, Sept. 24.—On the Asiago plateau on the Italian mountain front, French troops in a local attack have destroyed and damaged the Austrian defensive systems east of Mount Sisonol, says the war office official announcement yesterday. The French captured 100 prisoners and five machine guns.

Gompers Received by King.

London, Sept. 24.—Samuel Gompers, president of the American Federation of Labor, and the other members of the American labor mission were received by King George yesterday. Queen Mary joined them later.

The royal couple expressed high appreciation of the attitude of labor towards the war and wished the Americans a safe return home.

Quick, Painless Way to Remove Hairy Growths

(Helps to Beauty.)
Here is a simple, unfailing way to rid the skin of objectionable hairs: With some powdered delatone and water make enough paste to cover the hairy surface, apply and in about two minutes rub off, wash the skin, and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the delatone in an original package.—Adv.

EAST BROOKFIELD

Mr. and Mrs. W. H. H. Stack of Northfield are visiting their niece, Mrs. W. O. Austin.

Miss Clara Groat of Randolph is caring for Mr. Parmenter while Mrs. Hills is away on a vacation.

The American Red Cross has asked all branches to collect a certain amount of clothing to be sent to Belgium and France. Our quota is 125 pounds. Everyone is asked to donate all they conveniently can. Articles may be left with Mrs. F. E. Brown. The week from Sept. 23 to Sept. 30, only, is to be devoted to this work. Bear this in mind. Plans are underway for a big time in the near future. The Red Cross committee are already appointed and are busy at work planning for a big auction and a big dance, and a big time is looked forward to. Watch for time, date and place.

Rev. and Mrs. Elden Austin are visiting their parents, Mr. and Mrs. W. O. Austin.

WATERBURY

Mr. and Mrs. M. J. Maloney of Montpelier were Sunday guests of Mr. and Mrs. E. F. Maloney.

Mrs. Harriett Moody, who has been quite ill with tonsillitis, is more comfortable.

Mrs. V. L. Perkins, who has been quite ill, is better.

Edgar H. Morse, who has been quite ill since his return from Randolph, is some better.

Mr. and Mrs. John Marshall have both been ill with grip. Mr. Marshall's mother is with them.

ONLY MEDICINE MADE FROM FRUIT

Extraordinary Success which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder Troubles, Rheumatism, Pain in the Back, Eczema and other Skin Affections, is because it is the only medicine in the world made from fruit juices.

These "Fruit-a-tives" are composed of the medicinal principles found in apples, oranges, figs and prunes, together with the nerve tonics and antiseptics.

STATE BOARD OF HEALTH ACTS.

In Regard to Patients Who Develop Influenza.

Instructions have been sent by Secretary C. F. Dalton of the state board of health to the health officers throughout the state covering the subject of Spanish influenza. These instructions are as follows:

"Present indications are that within a few weeks, and possibly a few days, Vermont will be visited by an epidemic of the so-called Spanish influenza. Already there are many cases at some of our sanatoria and the disease will gradually invade the interior states."

"The apparent seriousness of this disease makes it necessary that some precautions be taken to limit its spread. The disease is not essentially different from the influenza or grip which we have been familiar with for a good many years (it is called 'Spanish' because the present pandemic began in Spain); the same germ causes this disease; it is present in the secretions of the nose, throat and air passages; it is given off in the act of coughing, sneezing and talking by droplet infection. The symptoms are fever, chills, head and joint pains and catarrhal discharges from the nose, throat and eyes. These symptoms last about three days."

"The disease itself is not serious. The complications frequently are. Hence, the disease should not be slighted. The patient should go to bed at once and call his physician. The complications are bronchial pneumonia, occasionally lobar pneumonia and nephritis. These, of course, are serious."

"The disease is hereby declared to be a contagious and infectious disease, under section 6203, general laws. In accordance with said section, the following rules and regulations are promulgated: Influenza is hereby added to the list of diseases to be reported by physicians. Every physician shall promptly report each case attended or prescribed for by him to the local health officer. The health officer shall visit and placard the home premises of the patient."

"All persons should understand that this is a contagious disease and that the patient should be isolated in the home and especially from all visitors and neighbors. Handkerchiefs, napkins and towels used by the case may indirectly cause the disease. It is quite possible that healthy persons may become carriers. Children in families in which there are cases should not attend school; and no one from such families should attend public gatherings, especially picture shows, or other indoor entertainments. Rational observance of these precautions may do much to limit the spread of this disease and consequent deaths."

"Health officers will promptly report all cases to the state board of health, as these reports must be forwarded to Washington at the earliest possible moment. Per order of the state board of health, Charles F. Dalton, secretary, Burlington, Vt., Sept. 21, 1918."

WEST BERLIN

Mrs. H. A. Stockwell visited her sister in Williamstown last week.

A. J. Provost was in Northfield Saturday afternoon.

Mr. and Mrs. Charles A. Patterson spent a little time in Northfield last Saturday, also in Montpelier the same day.

WORMS MAKE SICK CHILDREN

Signs of worms in children are: De-ranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

The safe method for ridding the child of worms is to use Dr. True's Elixir. William G. Bonin of Caddo, Oklahoma, wrote regarding Dr. True's Elixir: "We have used it for our children for the last twelve years and certainly know the value of it." You can buy Dr. True's Elixir wherever medicine is sold. Pleasant tasting—gentle acting. The family laxative and worm expeller for children and grown folks.—Adv.

George Carpenter, a Boston & Maine carpenter, was able to go to work on Monday. He has been laid up for two weeks with a broken toe.

Mr. Winnie died of the grip Sunday morning. Mr. Winnie was taken sick with a cold Saturday morning, taken to the hospital Saturday evening and died early the next morning. He leaves a wife and five children. At the present writing his wife and one child is sick with the same disease. Mr. Winnie was a fireman on the B. & M. R. R., White Mountain division.

The first death to be reported from the grip was an engineer by the name of Webb. He lived in Woodsville and was sick only a few hours.

Miss Lucille Angell was a visitor in Hardwick on Monday.

William Lindsay left the employ of S. E. Clark on Wednesday. It is reported that he, in company with another young man, is to enter an Ohio state college.

Due to the large number of influenza cases throughout the United States, both in camps and in civilian life, the surgeon general of the U. S. A. has issued these rules to observe in the avoidance of same: 1. Avoid needless crowding—influenza is a crowd disease. 2. Smother your coughs and sneezes—no one else wants your germs. 3. Your nose, not your mouth, was made to breathe through—get the habit. 4. Remember the three C's—Clean mouth, clean skin, clean clothing. 5. Try to keep cool when you walk and warm when you ride or sleep. 6. Open the windows, always
